Administrator  
Environmental Protection Agency  
401 M Street  
Washington, D.C. 20460

Dear Sir:

Arizona is under a mandate from your agency to improve our air quality. We have taken this responsibility to heart and are making progress.

The largest source of air pollution in this state results from vehicle exhaust emissions and I would support fuel additives which reduce such pollution.

I am informed that a product known as HiTEC 3000 from the Ethyl Corporation holds promise of contributing emission reduction. I urge that your Agency give prompt consideration and evaluation to this product.

Sincerely yours,
